John - Propose we be silent on notifications for NARS and just indicate pre-publication version is live. They are having some issues with the dashboard so we'll wait to send notifications when that is fixed, which hopefully will be by 4 but may not be.

 [we have received edits from OFR on the FL rule – they had some minor edits to the reg text/IBR portion and trimmed back the summary upfront in the FRN as they said it belonged in the background. The team is coordinating with OP, OFR and OGC to determine what we propose to passback to OFR so that we can finalize and move forward for signature ASAP. Mindy will be following up with Jess.]
